

Welcome to Lexis Create, our latest proofreading and drafting offering which allows seamless integration with L+.

The Create 365 icon appears as below, (please note the icon may be red or black)

If you cannot see the above icon please go to Insert>Get Add-ins>Admin managed and you should see the Lexis Create icon there.

If you do not see the add

If the icon appears greyed out please check the format of your document as Create will not work in compatibility mode.
